IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

INTRODUCTION
AND
GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the Ahoskie City Directory since 1959), present to subscribers and the general public, this, the 1970 edition of the Ahoskie City Directory. (In all, the HILL DIRECTORY COMPANY and its affiliates publish over 1,400 city, county, state and national Directories).

Confidence in the growth of Ahoskie's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Ahoskie to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Ahoskie Directory will fulfill its mission as a source of authentic information pertaining to the city.

Five Major Departments

The five major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified city like Ahoskie, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Ahoskie, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers, and Zip Code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

V. THE RURAL ROUTES DIRECTORY is the fifth major department, printed on white paper.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free reference, and serve as perpetual and reliable advertisements of Ahoskie.

The Ahoskie Out-of-Town City Directory Library

Through the courtesy of the publishers of the Ahoskie City Directory, a Directory Library is maintained in the offices of the Ahoskie Chamber Of Commerce, for free reference by the general public. This is one of more than 800 Directory Libraries installed in cities and towns throughout the United States, Canada and Puerto Rico through the courtesy of your Publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1 An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2 A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3 A *Classified Business Directory* —listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4 A *"Yellow Section" or Buyers' Guide,* where the advertiser may explain in greater detail the services or products he has to offer.

5 A *Statistical and Historical Story* of your city; plus miscellaneous other information.

Facts About Ahoskie, North Carolina

Ahoskie, the youngest incorporated town in Hertford County and the center of its commercial and industrial life, is located between the Roanoke and Chowan Rivers, in the northeast section of North Carolina.

For a town of its size, Ahoskie is well favored with wholesale establishments, being one of the largest wholesale distributing points per population in the world. There are 6 wholesale houses serving an area of more than 75 miles.

In keeping with its slogan, Ahoskie has a better than average quality of merchandise with 60 retail firms keeping pace with the modern trends. The store buildings are clean and progressive looking. Those who have not recently remodeled have repainted with bright cheerful colors. The theme is "Shop at home for quality and service."

Most important in the progress of this growing town are the many religious opportunities for its people. With its very beginning established with the coming of a church, its people have not forgotten such a heritage. There are six Protestant denominations and one Roman Catholic church within the town limits, and a number of smaller churches in the surrounding area. The Protestant churches are: Baptist, Methodist, Presbyterian, Episcopal, Church of Christ, Holiness, Free Will Baptist and Church of God.

Complete hospital and medical facilities are available to the citizens of Ahoskie and surrounding area at the beautiful Roanoke-Chowan Hospital. Since its opening in 1948 with a 50-bed unit, it has expanded to 110 beds and 14 bassinets, with an adequate number of trained nurses. Six of the 16 medical doctors on the hospital staff are specialists. There are 4 dentists and 2 optometrists with offices in Ahoskie. The Hertford County Health Department holds regularly scheduled clinics here each week, and an Orthopedic Clinic is sponsored 1 day each month by the Ahoskie Kiwanis Club.

Accommodations for tourists are the Chief Motel, with 28 modern air conditioned rooms, and adequate parking space; the Tomahawk Motel, Ahoskie's newest, most modern 34 room unit. Each motel has a pool.

Dining facilities are available at the Tomahawk Restaurant on Highway 13 North, across from the Tomahawk Motel. In the downtown area the Manhattan Cafe serves the public. The Arrow Drive-In is open six days a week on US 13 South. Eddie Harrell's Barbecue is located on US 13 South.

Ahoskie has had the Town Manager form of government since November, 1957. The governing body consists of: Mayor, five Councilmen, and Town Manager, with the Councilmen and Mayor elected at large for two-year terms.

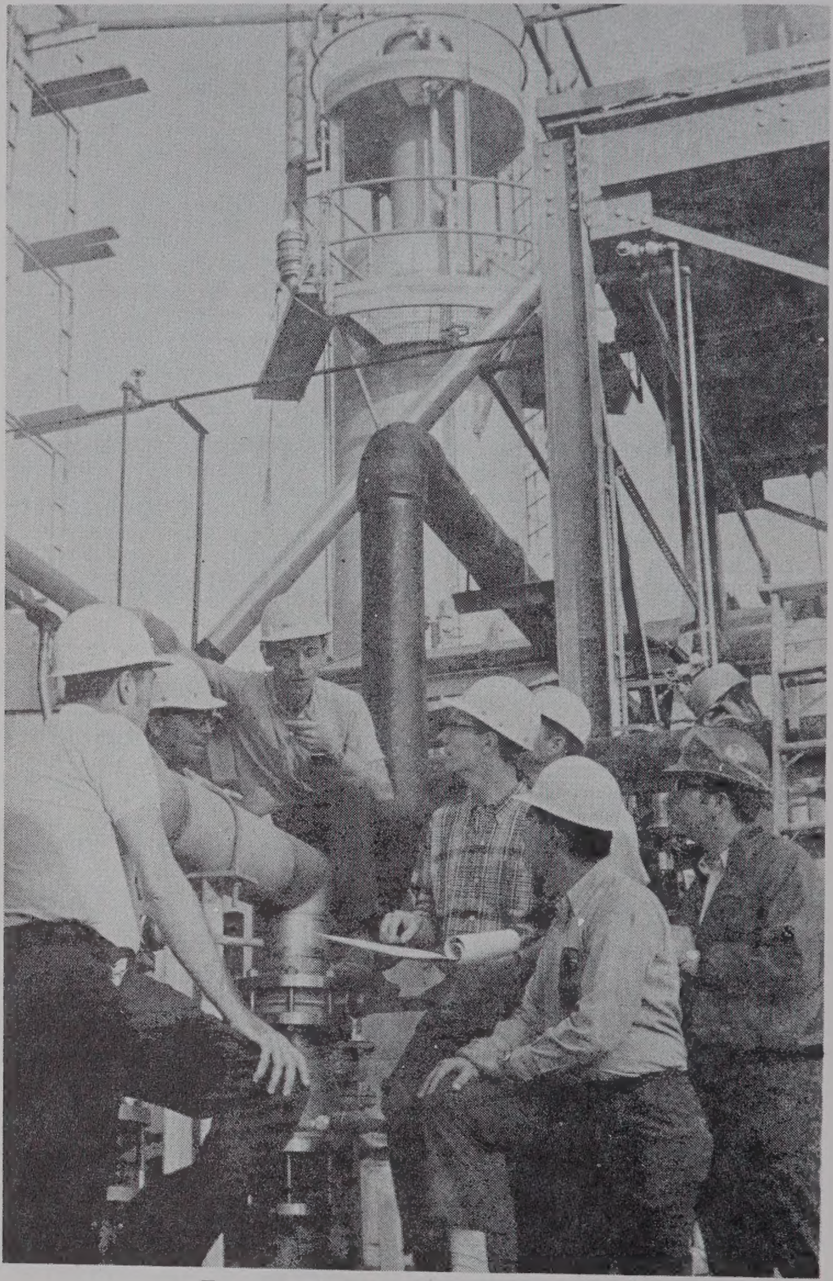
The financial status of Ahoskie is very good. A new sewer disposal plant is in operation, which should take care of several years of expansion and growth. The present tax rate for the town is $1.70 per $100, based on 60% of true market value.

The town police force consists of 10 uniformed men. The patrol cars are fully equipped with two-way radios, and the State Highway Patrol maintains offices in a new building two miles from the corporate limits.

The town also maintains a volunteer Fire Department with 3 paid employees and twenty-five volunteer firemen, who man four pieces of modern equipment and a booster tank truck. The present insurance rate is 7.

Another interesting feature of Ahoskie is its number of active civic organizations, who are constantly working for the benefit of the community. Through their efforts we have a beautiful landscaped cemetery; a supervised summer recreation program, consisting of swimming classes, little league, Pony League and American Legion Junior baseball teams, a large play area for small children with swings and sand boxes; a picnic area with outdoor fire places and bleachers; a newly ighted baseball park for the use of all baseball teams; an outstanding 0-member high school band; and many other worthwhile projects too numerous to mention.

Since 1923, Ahoskie has been very fortunate in having either a Chamber Of Commerce or Board of Trade. The public spirit of the citiens connected with the different Chambers Of Commerce and Boards of Trade have entered into and worked for all the improvements and developments of the town, and have been responsible for a great deal of its progress and growth. The efforts of those loyal men and women who have worked with these organizations in the past and those who are still working for the present and future of our town, will not have been in vain.



Farmers Chemical Association, Inc.
A thirty two million dollar plant food manufacturing complex.

The present Chamber Of Commerce is a most active and progressive organization. It serves not only its membership, but invites inquiries from both individuals and business firms. The Chamber takes pride in spreading the Ahoskie Story, and we are happy to serve you.

Ahoskie was incorporated in 1893, although as early as 1719, the town was known by the Indian name "Ahotskey." In 1894, with the coming of the railroad and its first post office, the name was spelled as it is today.

Ahoskie is known far and wide, not only for its unusual name, but for its friendliness to strangers and its benevolence to the less fortunate. We extend a warm welcome to all, whether passing through, or seeking a place to live, work, trade or play. The people who have lived here know that its possibilities for future growth are unlimited. We are proud of our heritage from the past; we are ever conscious of the present; and are constantly planning for the future.

Ahoskie has a pleasant, temperate climate, which allows year around outdoor activities. Hunting, fishing, golfing and other sports are enjoyed throughout the year.

As the trade and agricultural center for the Roanoke-Chowan area, Ahoskie offers excellent shopping facilities and business opportunities. Today, with the establishment of new industry and growth in population, Ahoskie has the reputation of being the fastest growing town in northeastern North Carolina.

A large part of the economy is derived from a large surrounding farming area, with the chief crops being tobacco, cotton, corn, and peanuts. The first tobacco market was established here in 1907, and the present market, one of the largest one-set buyer markets in eastern North Carolina, with 5 warehouses covering an area of 235,000 square feet, gives quite a financial boost to the area during the tobacco season. The annual 8 weeks season gives a gross sale of over 6 million dollars.

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

PLEASE! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100 PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000 PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

Out of Sight • Out of Mind

★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. ***Insist on being well represented in its pages.***

STREET and AVENUE GUIDE
INCLUDING
TELEPHONE NUMBERS, HOME OWNER SYMBOLS and ZIP CODES

1970

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Zip Code numbers are shown immediately following each street description. If a street runs through more than one zone, the new Zip Code number is shown immediately preceding the lowest street number in the new zone.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.
